

'Excitement in Science: Insights and Perspectives' Talk-5
Department of Biological Sciences, BITS Pilani, Pilani Campus

As part of the 'Excitement in Science: Insights and Perspectives' Talk series conducted by Dept. of Biological Sciences, this Saturday (17/02/2024) we plan to have a research talk by Dr. Andrew Advani (*Head of the Division of Endocrinology and Metabolism and Keenan Chair in Medicine at St. Michael's Hospital, University of Toronto*) from the St. Michael's Hospital, University of Toronto, Toronto, Canada.

About the Speaker: Dr. Andrew Advani is Head of the Division of Endocrinology and Metabolism at St. Michael's Hospital in Toronto, Canada. He holds the Keenan Chair in Medicine at St. Michael's Hospital and University of Toronto. Andrew completed his medical training at Edinburgh University in the UK in 1996, obtained his PhD at Newcastle University (UK) in 2003 and was appointed on Staff at St. Michael's Hospital in 2008. His research program is focused on improving the lives of people with diabetes, with an emphasis on translational research into diabetes complications, especially kidney disease and heart disease. He has authored over 100 peer-reviewed publications and three book chapters. He is an Advisory Board member of Diabetologia, journal of the European Association for the Study of Diabetes (EASD), and he sits on the Guidelines Oversight Committee of the EASD. His clinical interests lie in the care of young people with Type 1 diabetes.

Excitement in Science: Insights and Perspectives- Talk-5

Title of Talk : How does inflammation cause heart failure?
Speaker : Dr. Andrew Advani
Affiliation : Division of Endocrinology and Metabolism, St. Michael's Hospital,
University of Toronto
Time and Date: 12:00 PM, 17th February (Saturday), 2024
Room No. 6163

Interested students and faculty members are invited to attend the talk.
Prof. Prabhat Nath Jha (DRC Convener) and Prof. Rajdeep Chowdhury (Head)
Dept. of Biological Sciences,
BITS Pilani, Pilani Campus
